DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Applicant's submission filed on 04/30/04 has been entered.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 17 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 17, line 19, "the first assigned data block" fails to show antecedent basis in the claim and should be changed to "the first data block". There is no assigned data block in the claim. Appropriate correction is required.

Allowable Subject Matter

4. Claim 1-16 are allowed.

Art Unit: 2613

5. The following is an examiner's statement of reasons for allowance: The prior art does not teach the variable length coding/decoding of the second assigned data block begins after variable length coding/decoding of said first assigned data block has ended and is performed in parallel with fixed length decoding of the first assigned data block as shown in the specification of the present inventions figures 16, 18, and 19 of specification; and even if encoding of the second assigned data block is completed prior to the end of variable length coding of the first data block in combination with others as shown in the specification, page 39, line 17 through page 40, line 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Claims 18-19 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
